Under the law all medical treatment and compensation must be furnished by the employer or its insurance company. Treatment must be by a

physician chosen by the employee unless the physician is on a list of physicians currently not authorized by the Department of Labor to render medical care under the Act. Compensation payments become due and are payable on the 14th day after the employer first has knowledge of the injury or death. Penalties may be charged for failure to comply with provisions of the law.

REPORTABLE INJURY - Any accidental injury which causes loss of one or more shifts of work or death allegedly arising out of and in the course of employment, including any occupational disease or infection believed or alleged to have arisen naturally out of such employment, or as a natural or unavoidable result from an accidental injury.
